Organizer

MARVELLOUS FOAM

Polymer foam is a new force among new materials. Through different foaming process, the polymer is endowed with new excellent properties. Polymer foams play a key role in different vertical applications due to their unique properties such as lightweight, shock absorption, noise reduction, heat insulation and filtration.

Virtual Expo

Virtual Expo cannot replace the "face to face" core value of an exhibition. The core value of Virtual Expo is obtaining clues and connections, satisfying light requirements, efficiently selecting global suppliers and customers, etc. The digital social experience of Virtual Expo can assist an exhibition to achieve more valuable "face to face".

EXHIBITION SCOPE

- ◆ Polymer Foams and Products
- ◆ Metal Foams and Products
- ◆ Other Foams and Products
- ◆ Raw Materials
- ◆ Foaming Agents (physical foaming agent, chemical foaming agent) and Foaming auxiliary
- ◆ Foaming Equipment, Cutting Equipment, Auxiliary Equipment, Testing Equipment, etc.
- ◆ Recycling Equipment and Technology
- ◆ Environmental Protection Equipment
- ◆ Adhesives and Sealants
- ◆ Films and Tapes
- ◆ Professional Associations, Scientific Research Institutions, Media, etc

PROFESSIONAL VISITORS

- ◆ Foam Manufacturing and Processing Enterprises
- ◆ Foams Vertical Application Industries: Automotive, Rail Traffic, Aerospace, Packaging, Sports & Leisure, Furniture, Household Supplies, Security, Healthcare, Electronic Equipment, Building Materials, HVAC, Electrical Appliances, Cold Chain & Logistics, Industry, Energy, Shipping, Daily Necessities, Communication Devices, Office Facilities, Military Supplies, Others
- ◆ Professional Associations, Scientific Research Institutions, Media, etc

Why is the Manufacturing Industry in Vietnam so Strong?

The manufacturing industry in Vietnam continues to grow and strengthen for many reasons but mainly due to the abundance of highly skilled workers. The Vietnamese are skilled at hand assembly work and the quality of hand assembly work is very competitive.

Why Vietnam's Economic Future is Bright and Growing?

Population of Vietnam

For now, cheap labor remains a major competitive edge to pull in investment. In a recent survey among U.S. companies, Vietnam has become the first market they are looking to expand in across ASEAN, due to many advantages like low labor costs, good personal security and a stable government and political system.

Policy of Vietnam

Proactively and actively engage in international economic integration following a roadmap in conformity with the national development strategy till 2010 and the 2020 vision. Make proper preparations for the signing of bilateral and multilateral free trade agreements. Promote comprehensive and efficient cooperation with ASEAN and Asia-Pacific countries.

FDI of Vietnam

As of March 20th, 2022, the total newly registered capital, additional capital, contributed capital and the right to buy shares of foreign investors over USD 8.9 billion, equivalent to 87.9% over the same period last year. The capital generated by FDI projects was estimated at USD 4.42 billion, an increase of 7.8% over the same period in 2021.

Vietnam Investment Environment Seminar

ADB sustains 6.5% GDP growth forecast for Vietnam in 2022. Ho Chi Minh City's Consumer Price Index (CPI) increased by 0.45% in October, with eight of the 11 groups of goods and services witnessing an increase in prices, the municipal Statistics Office reported on October 31, 2022.

The Ho Chi Minh City Industrial and Export Processing Zones Management Board (HEPZA) has set a target to increase the average investment per hectare of industrial land to 15 million USD by 2025 from the current 6.32 million USD.

Date: 10:00-11:30, August 22, 2023.

Location: SECC

Ticket: USD30/Person

Contact: fang.gao@hjtexpo.com

F2F CONNECTING

F2F Connecting is a high-value face-to-face meeting between exhibitors and visitors which will be matched and scheduled before the show opening. We help the customers to promote new partnerships and potential business opportunities, and ensure the efficient and professional participation for both exhibitors and visitors.

WISHES FROM VISITORS

Through visiting this exhibition, I learned a lot of knowledge and broadened my horizon. In particular, I benefited a lot from listening to the forum of "RedefineFoams". The speakers are all professionals in the foam industry. I hope this forum can continue in Interfoam 2022.

Peng Gao
HUAWEI TECHNOLOGIES CO., LTD.

The exhibition site is very good, Interfoam brings together many types of foam materials, and I also saw many famous enterprises in the field of foam industry. The exhibition builds a good communication platform for us, so we get to know some high quality business partners for future cooperation. The forum also adds a highlight to this exhibition. I hope the organizer can bring me better exhibitors, richer content and more all-round service when I attend the next Interfoam Expo.

Tianbi Su
Michelin China

Foam materials promote the rapid development of new energy power batteries, which can alleviate the problems such as battery expansion, thermal runaway and sealing in battery packs. Interfoam Expo has gathered a number of foam material and equipment suppliers, to build a good platform for us. Hope the organizer will bring more foam material information and advanced technology next time.

Pengli Wang
Contemporary Amperex Technology Co., Ltd.

Interfoam 2021 showcases the whole industry chain of foam materials, creating an integrated platform for technology, trade and academic exchanges, making a great contribution to the sustainable development of the foam industry! Through this platform, we have met some business partners that we can cooperate with in the future. I hope that in the next Interfoam exhibition, the organizer can bring more high-quality exhibitors, richer resources and more all-round service experience!

Li Li
Carcoustics Auto Parts Co., Ltd.

Interfoam Webinar

The series webinars of Interfoam are the mild&high-frequency and important events to connect the industry.

The series of webinars aim to explore more foaming technology and Foams solutions together with exhibitors, and more focus on technical issues and specific foams solutions.
